Mohammad Shamsi

Back-end Developer

Experienced Node.js Backend Developer with a strong proficiency in developing efficient and scalable applications utilizing technologies such as NestJS, Postgres, MySQL, TypeORM, SequelizeJS, Microservices, and RabbitMQ. Possess deep expertise in Backend development and a track record of successfully delivering high-quality solutions. Experienced in Flutter mobile application development, with a focus on integrating backend functionalities. Committed to continuous learning and staying updated with the latest industry trends. Seeking challenging opportunities to leverage my skills and contribute to the success of cutting-edge projects.

📍 Iran

Work Experience

April 2023 - Present

Back-end Developer ChadCo

I have experience working on the server side of a website panel that caters to vehicle dealerships and their client websites in Canada. In this project, I utilized the NodeJS framework along with Microservices technology. The system relied on a MySQL database, for which I used the SequlizeJS ORM. Additionally, integration with RabbitMQ Message Broker and other tools was also undertaken.

November 2022 - April 2023

Software Developer Mellat Bank (Polwinno Center)

I focused on product design in terms of structure and data, project flow and user flow, user interface and user experience design, and backend implementation with NodeJS framework.

January 2022 - November 2022

### Back-end Developer Domil.io

In January 2022, with good experience as a mobile developer, I started Back-end Development Position in the same team, at Domil.io company.
During this time, I have improved my skills and knowledge and had many interesting experiences.

July 2020 - January 2022

Mobile Application Developer Domil.io

In July 2020 I started my internship as a Mobile Developer, after three months we create a new development team. and we started Jeanswest Store Application Project.
after one year and 7 months due to personal interests and team needs, I changed my stack to back-end Developer.

Skills

✅ Teamwork	JavaScript	Flutter	node Node.js	✅ Agile Methodologies	Git
TS TypeScript	✅ Dart & flutter	✅ TDD (Test-driven development)	✅ SQL		

Entity Framework Problem Solving Skills NestJS Express.js Jest

Swagger API PostgreSQL Mobile Application Development Scrum Methodology

Java C++ GitLab TypeORM OOP MySQL Database

sequlize JS Microservices RabbitMQ FTP SMTP Messaging

Node.js / Express.js

Education

🎓 **Kermanshah University Of Thechnology**   2013 - 2018

Bachelor's degree , Architecture System Computers
